

ADAGP is a société civile [non-commercial partnership] with a General Meeting and Board of Directors.

Like any royalty collecting and distribution society, its operation and organisation are strictly governed by articles [L. 321-1](#) [1] et seq of the French intellectual property code, which guarantee the efficiency and transparency of its actions.

Like all the collecting and distribution rights societies, Adagp is provided with a [general assembly](#) [2] and a [board of administrator](#) [3].

[Spezialized commissions](#) [4] set up by the board of administrator or by the law, contribute to the good running of the company.

[Adagp departments](#) [5], led by a general manager designed by the general assembly implement the statutory missions of the company.

Adagp is finally supported by an [international network of sister-societies](#) [6] in charge of the handling of its members' rights abroad.
