[Home](#) > General meeting

The ADAGP General Meeting consists of all its members (artists, beneficiaries and assignees of rights).

It meets annually, on the third Thursday in October, and approves the annual accounts, the annual report, the distribution of sums allocated to cultural actions and, in general, any other matter regarding the life of the company.

The General Meeting also elects the board of directors and the special commission on the partners' right to information, appoints the manager of the company and, where applicable, dismisses said manager.
