ADAGP AUTHORS

To date ADAGP represents 13,500 direct members of the society, 10,000 photographers via photo agencies and 157,000 authors members of foreign sister companies, representing a total of 180,000 authors.

Activities of ADAGP artists by discipline

More than 40 disciplines are represented within the Adagp, in the visual arts, drawings and photography.

As this study concerns only direct members, we must point out that more than 10,000 photographers are also represented by their agencies within Adagp even though they are not included in these statistics.

NB: the same artist can be included in several categories.
