

Are you a professional looking for a digital file of a particular work ?

You want to reproduce the works of Jean-Michel Basquiat, Marc Chagall, René Magritte or another Adagp artist in a book, magazine, digital application or advertising campaign, and get digital images of these works ?

Adagp Images contains high definition files of almost 25,000 works for you to use. To ensure quality images, digital files are checked and validated by Adagp with the artists or their beneficiaries.

Browse through the [Adagp Images collection](#) [1] freely (without registering), select the files for the works you are interested in and complete a form describing your project to get an estimate of the royalties.

With Adagp Images, you can obtain a digital image of the work along with rights in the work and photographs of it. You won't have to complete any further formalities to use the images under conditions authorised by Adagp.

Payment will include :

- the royalties related to the reproduction of the work
- the photographic royalties related to the provision of HD files by Adagp Images, like with any photographic agency.

If you are looking for artists or works and you cannot find them on our website, do not hesitate to contact us at this address: adagp.images@adagp.fr [2]. We will help you look for them and try and provide the images as soon as possible.
